Welcome to BEAUTIFUL Botswana
‘the true sparkle of Africa’
Botswana – A place to live, visit and invest

Botswana is a land of unmatched beauty, plentiful in wildlife and rich in culture, giving it a magical and dreamlike quality, from its prominent salt pans to diamond rich deserts and lush flood plains.

Since peacefully gaining independence in 1966, Botswana has managed to exploit its wealth of underground resources, especially diamonds, to develop not only its diverse economy but also its people. Botswana is the biggest producer of diamonds in the world by value. It is hailed as a shining beacon of democracy, stability and peace in a continent renowned for turmoil and instability.

Its people have a rich diverse culture and embrace all who come to Botswana with a welcoming warmth.

History of Botswana

Originally a British Protectorate and called Bechuanaland, Botswana attained her Independence from Great Britain on 30th September 1966. Botswana is one of Africa’s success stories, from one of Africa’s poorest countries at independence, to a vibrant, developed, middle income African state.

1966 saw a poverty-stricken Botswana with only 7kms of tarred road, a GDP of around 0.03 USD Billion and a largely uneducated workforce. Many at the time warned of impending disaster post-independence for Botswana. In their view, there was little glimmer of hope that the country would be able stand on its own without the colonial master’s assistance.

Sir Seretse Khama, Botswana’s founding President is credited for his prudent management of Botswana’s mineral wealth which paved way for her enviable developmental success. Sir Seretse Khama passed on in July 1980 and was succeeded by Quett Ketumile Joni Masire who was later knighted. He would lead until 1998, when he stood down from the Presidency to pave way for Mr. Festus Mogae, a well-respected economist, who went on to receive the acclaimed Mo Ibrahim Award for Good Governance in 2008.

Mr. Festus Mogae would later make way for Sir Seretse Khama’s son, Lt General. Dr. Seretse Khama Ian Khama who became Botswana’s 4th democratic President. His term came to an end on 31 March 2018 after serving two terms as president. He made way for current President H.E. Mokgweetsi E.K. Masisi who was sworn in as Botswana 5th President on 1st April 2018.
Fast forward to 2017, Botswana has been on a transformational journey from her humble beginnings. According to the World Bank, ‘GDP in Botswana was worth 15.27 billion US dollars in 2016’.

The GDP value of Botswana represents 0.03 percent of the world economy. The country averaged 4.30 USD Billion from 1960 until 2015, reaching an all-time high of 17.22 USD Billion in 2014. These figures prove that Botswana’s economy is one of the fastest growing economies in Africa.

Diamonds were discovered in 1967, and the diamond proceeds have been a major driver of Botswana’s rapid development. The Orapa Mine, owned by Debswana Diamond Company, began operations in 1971, marking the beginning of the ‘Diamonds for Development’ era. Later on, the Jwaneng, Lethakane, Damtshaa, Karowe and Firestone Mines would also start operations, making Botswana one of the biggest producers of diamonds in the world. The mining sector, in particular diamonds, has played a critical role in Botswana’s development. The discovery and subsequent mining of diamonds in partnership with global corporation De Beers, became a bedrock of the economy and government revenue. It was through this partnership, that government was able to establish an education system that would be virtually free for all its citizens from primary to tertiary level. It is these efforts that have increased the literacy levels in the country to 82%, giving the nation a strong workforce for development.

Diamond revenues have over the years been used to drive infrastructure development, extend free universal education and health care, as well as support a social support system for citizens.

Botswana is one of the world producers of gem diamonds by value.

Visitors to Kasane can further be treated to day trips to the Victoria Falls, located only 80km away from Kasane.

Culturally; Botswana is rooted on a strong cultural base that guides interactions between Batswana and the rest of the world. Although there are different tribes, there is a common thread that unifies Batswana. Botswana’s rich culture and heritage continuously amazes not only Batswana, but the world at large. Botswana's distinct culture comprises numerous traditions that are hinged on principles of mutual respect (Botho), humility and the Kgotla system; which encourages open dialogue and consultation. A system that has emerged as a result of these principles, has created a closely knit, homogenous nation comprising of a people that lives harmoniously. The inimitable traditions found in Botswana makes for a rich culture made of various rituals, norms, values, myths and beliefs. Although there are various tribes that have diverse value systems, they have exchanged traditional practices through inter-marriages, arts and crafts, trade, religion and educational systems to keep Batswana amalgamated.

Botswana beef is a major export, and a huge part of cultural celebrations. Pounded meat, called Seswaa, is a delicacy. Seswaa, maize meal and Morogo (a leafy green vegetable) form the staple diet for Batswana. Other important cultural elements that can be associated with Batswana are; Bogadi (bride price), Chieftainship and traditional/spiritual healers. Batswana are agriculturalists who treasure sheep, goats, horses and cattle. These are not only sources of food, clothing and trade; they are an indication of prominence in society. Tribal leaders charged with overseeing the community affairs and are known as Dikgosi (Chief), and are highly respected by community members. Botswana’s wealth does not only comprise of nature’s finest resources; its prosperity resides with the inner beauty that resides in the union of its people.

Botswana’s rich culture and heritage continuously amazes not only Batswana but the world at large.

• People

The people of Botswana are called Batswana (plural) and Motswana (singular). Family and togetherness among Batswana is a virtue in Setswana culture. Botswana is made up of diverse people, all driven by the value of Botho. Batswana continues to make meaningful and marked contribution across all sectors of society, including, but not limited to; Arts, Sport, International relations and Politics. Batswana have excelled in different fields across the World, showing their skills, prowess and leadership qualities. The likes of Former President Festus Mogae and recipient of the Mo Ibrahim Award, former Commonwealth deputy secretary Mmasekgoa Masire-Mwamba, International Criminal Court Judge – Judge Sanji Monageng, former Miss Universe Mpule Kwelagobe, athlete Nijel Amos, model and actress Kaone Kario, Radio presenter and businessman Thato ‘Dj Fresh’ Sikwane, Broadway actor Donald Molosi, international chef Joseph Seeletso, and fashion designers Black Trash etc, have put Botswana on the world map through their varied exploits.

• Culture and Heritage

“It should now be our intention to try to retrieve what we can of our past. We should write our own history books to prove that we did have a past and that it was a past that was just as worth writing and learning about as any other. We must do this for the simple reason that a nation without a past is a lost nation, and a people without a past is without a soul.” (Botswana Daily News, 1970) - These are the famous words of Botswana’s first President Sir Seretse Khama. Botswana indeed takes Pride in its past. Our heritage and Culture, which are the foundations of Botswana’s interactions amongst Batswana and with the rest of the world, are held in high esteem. As a Nation, Botswana is grounded on strong cultural values of Botho and Therisanyo.

National Symbols

• National Flag

The Botswana flag was officially adopted on 30 September 1966. The colours on the flag correspond to those on the national coat of arms. The blue represents water, the white-black-white bands depict the racial harmony of the people, as well as the pluralist nature of the society.

• Coat of Arms

The Coat of Arms was adopted on 25 January 1966. The centre shield is supported by two zebras. The shape of the shield is that of traditional shields. On the top portion of the shield are three cogwheels that represent industry.

• Botswana Currency (Pula and Thebe)

Botswana currency is the Pula. One (1) Pula is made up of 100 Thebes

The national currency was launched on August 23, 1976, subsequently known as ‘Pula Day’. At the time of launching the Pula, the denomination structure consisted of four notes (P1, P2, P5 and P10) and four coins (1t, 5t, 25t, and 50t).
Over the years, due to rising prices, higher value notes have periodically been introduced and coins, which last much longer, are now used for smaller denominations that are used more frequently.

The lowest value coins have also been demonetised. The design of the currency has been consistently based on symbolic illustration of the socio-economic, political and cultural make-up of Botswana as a country, including the importance of democracy, tourism and mining. The design has been periodically reviewed both due to improved security to counter forgeries and to make appropriate adjustments to the artwork. Regarding the latter, since the launch of the Pula in 1976, it had been the practice for all new notes to feature the portrait of the current president. However, since 1997 each denomination features a different portrait, with only the P10 note showing the current president.

On 23 August 2009, exactly 33 years since the introduction of the Pula, a new family of Banknotes was introduced. This included a new P200 denomination note, bearing the image of a woman teaching, reflecting both the importance of education and the contribution of women to national development.
